HELIOS LINEAR

Robust, durable LED highbays

The Helios Linear Highbay range from Saxby Lighting. Designed to last, this range boasts a durable and robust diecast aluminium housing, ensuring that it can withstand even the toughest conditions. Unbeatable value, with high-performance LED chips outputting impressive 28000 lumens at 140lm/w. The Helios range offers a 4000K color temperature, providing a natural and bright light that can enhance productivity and efficiency, with the addition of a plug and play microwave sensor. Available in 100W, 150W, and 200W options, the Helios Linear Highbay range is the ultimate solution for all your commercial and industrial lighting needs.
